

ICRERA 2025

14th INTERNATIONAL CONFERENCE ON RENEWABLE ENERGY RESEARCH AND APPLICATIONS

Satoshi Sakurai

Sophia University, Tokyo, Japan

Paper ID _____ : 185

Paper Title _____ : Frequency and Voltage Control with Active Power Output Fluctuation Suppression for DFIG-based Wind Turbine Generator

Bio :

Satoshi Sakurai received B.E. and M.E. degrees in engineering in 2018 and 2020 respectively from Sophia University, Tokyo Japan. He is currently a researcher at Sophia University. His research interests include power system stability, control of renewable energy sources and superconducting generator.
