

**ICRERA 2025**

**14th INTERNATIONAL CONFERENCE ON RENEWABLE  
ENERGY RESEARCH AND APPLICATIONS**

**Dipl.Ing. Bernhard Suppan**

Vienna University of Technology, Vienna, Austria

**Paper ID** : 250

**Paper Title** : Power Density Analysis of an Medium-Voltage Isolated DC/DC Solid-State Transformer Building Block

**Bio :**

Dipl.Ing. Bernhard Suppan is a University Assistant and PhD Candidate in the Department of Mechatronics and Power Electronics Institute at the Vienna University of Technology. He graduated with his Masters and Bachelors in Electrical Engineering at Vienna University of Technology. His doctoral research focuses on SSTs for medium voltage applications.
