

ICRERA 2025

14th INTERNATIONAL CONFERENCE ON RENEWABLE ENERGY RESEARCH AND APPLICATIONS

Post-Doctoral Researcher Ionut Ciobanu

National University of Science and Technology
POLITEHNICA Bucharest, Romania

Paper ID : 34

Paper Title : Models of Energy Communities

Bio :

Dr. Ionut Ciobanu is an Post-Doctoral Researcher at National University of Science and Technology POLITEHNICA Bucharest, Romania. He received his Ph.D., Master of Science, and Bachelor of Science degrees in energy engineering from National University of Science and Technology POLITEHNICA Bucharest, Romania. His doctoral research focused on energy efficiency in modern public lighting systems.

His main research interests include electric lighting, energy efficiency, the development of energy communities, photovoltaic systems, energy storage, and electric vehicle charging stations. Dr. Ciobanu is part of a research project supported by a grant from the Ministry of Research, Innovation and Digitalization, project number PNRRC9-I8-760090/23.05.2023, code CF 30/14.11.2022.
