

ICRERA 2025

**14th INTERNATIONAL CONFERENCE ON RENEWABLE
ENERGY RESEARCH AND APPLICATIONS**

Prof. Dr. Rami AL-HAJJ

College of engineering and Technology, American University of the Middle East, Kuwait.

Paper ID : 49

Paper Title : Constructing Reliable Prediction Intervals for Wind Speed Forecasting Using Adaptive Kernel Density Estimation

Biography :

Dr. RAMI AL-HAJJ received the BS degree in applied mathematics and the DEA (Diplome d'Etude Approfondie) degree in mathematical modeling and intensive computation from the Lebanese University, Beirut, in 1999 and 2001, respectively, and the PhD degree in signal and image processing from Télécom ParisTech, France, in 2007. He joined Business Machines Corporation in Beirut from 2000 till 2004, then Lebanese International University from 2007 till 2012. Currently he is a professor in the Department of Applied Mathematics at the American University of Middle East – Kuwait. His research interests include Machine Learning, Data Mining and pattern recognition, Optimization and Evolutionary Computation. He is a member in the IEEE Intelligent Computation society since 2019.
