

ICRERA 2025

14th INTERNATIONAL CONFERENCE ON RENEWABLE ENERGY RESEARCH AND APPLICATIONS

Dr. Mohamed Elkadeem

King Fahd University of Petroleum & Minerals, Saudi Arabia

Paper ID : 88

Paper Title : Data-Driven Geospatial Analysis for Utility-Scale Solar PV Siting

Bio :

Mohamed R. Elkadeem, Ph.D. (HUST, China, 2021), is a Postdoctoral Fellow at the IRC for Sustainable Energy Systems, KFUPM, Saudi Arabia. His work focuses on renewable energy, power system optimization, and geospatial decision-making analysis. He has been recognized among the world's Top 2% Scientists (2023, 2024, 2025) and received the Chinese Government Outstanding International Student Scholarship (2020) and the HUST Academic Excellence Award (2019, 2020).
